The Books Designers Are Reading Right Now

Need an escape (and who doesn't these days)? Read on for the books designers are devouring

Fabric-sample selecting, interminable Instagram scrolling, magazine-page turning…sometimes designers need a palate cleanser in the form of some distinctly *non*-visual stimulation. Some of AD PRO's favorite designers weighed in on the books they're devouring these days: From Charlotte Moss's and Noam Dvir's journalistically minded picks to spirit-lifting choices from Mikel Welch and Mally Skok, this season's must-read list has something for everyone. (And if you're still in the market for some visual inspiration, we've collected 15 of the top design tomes debuting this fall for your perusal, too.)

A Very Punchable Face by Colin Jost

First Women: The Grace and Power of America's Modern First Ladies by Kate Andersen Brower

"I thought *A Very Punchable Face* was very funny and a good distraction, given the state of the world. Plus, I think he is so cute! *First Women* was an easy read with some juicy details on everyone from Michelle Obama to Jackie O."
